The Swampscott Public Library, which ranks with some of the oldest public libraries in the country, is tangible proof of the strength of public interest in and commitment to libraries. The generosity of Dr. William R. Laurence, who donated funds and books, and the contributions of other interested townspeople resulted in the creation of a town library in 1853.

In 1879 the library became a free public library. Its 3,300 volumes were located in a room at Town Hall. In its first year as a free public library, 12,000 books were circulated to 600 registered patrons.

The library moved to its present site in 1917. Again, the generosity of the citizenry played a major role in the growth and success of the library. Professor Elihu Thomson donated land for the building. Local citizens made donations to help the town finance the building's construction. The Women's Club had made a donation towards this project as early as 1899! Once it was in a building of its own, the use of the library increased dramatically.

The library resources and services required to meet the needs and interests of the public grew substantially over the next 40 years. In order to effectively satisfy their increased demand, the library was enlarged and remodeled in 1956.

Two additional significant dates in the library's history are 1968 and 1975. The Friends of the Library began in 1968 and has provided numerous lasting contributions, services and funds to the library. The volunteers appeared on a regular basis in 1975. Their enthusiasm, effort and skills are invaluable assets to the library.

The photograph on the cover of this year's annual report is of the original entrance to the library. The door and steps, along with the beautiful wood carving and iron work, were removed in 1956.

Board of Selectmen

LAWRENCE GREENBAUM, Chairman

PETER D. WALDFOGEL

ROBERT E. PERRY SHERRY T. CHAMBERLIN BRUCE N. SACHAR

The past year has been very busy for your Board of Selectmen. Many hours were spent in preparation for entering bargaining with the various town unions. Negotiations opened early in February and continued with more than 50 meetings throughout the year.

The Board of Selectmen joined with our Bargaining Agent and Legal Department to represent the Town at arbitrations before the State Labor Board as well as in court.

Members of the Board of Selectmen testified at legislative hearings in favor of bills filed by the town.

Acting at the direction of Town Meeting, the Board, with the assistance of Town Counsel and Douglas Allen, auctioneer, sold the Old Fire Station on New Ocean Street as well as tax title land on Vaughn Place.

This report would not be complete without recognizing the retirement from the Board of Atty. Michael Martin. He served as a selectman for six terms, and we thank him for his service.

The Board wishes to thank all the employees and the many volunteers who have worked hard throughout the year to make our town a better place in which to live.

A special thanks to our Legal Department who have had an especially busy year.

We want to pay tribute to a very special person, Kay Donlon, who after twenty years of service to Boards of Selectmen, has entered retirement. Although we will miss her experience, we wish her a long and healthy retirement.

The Board welcomes Louise Champion to our office as our clerk.

In conclusion the members of the Board of Selectmen thank the people of Swampscott for allowing us to serve you.

Town Clerk

JACK L. PASTER

The following is the report of the Town Clerk for the Town of Swampscott's Annual Report for the year ending December 31, 1981:

Before beginning my report to the town for the year 1981 let me take this opportunity to offer my most sincere best wishes to Marion E. Stone who has retired from her position with the town after 23 years of dedicated service.

Mrs. Stone was an excellent teacher and her wealth of knowledge concerning municipal matters was extensive. Her expertise in departmental procedure was invaluable.

* * * *

This office continues to serve the residents of Swampscott as the on-site 'ombudsman' to deal with the day-to-day problems of a municipal government. As the most accessible and direct link between between the various levels of local government and the people we serve, we have effectively squashed the "public be damned" attitude which prevails in many municipal settings.

My staff, Carol McNelley, Catherine Woods and myself are here to serve. We subscribe to that philosophy each and every day.

* * * *

"Since this office does all the work, the town should get all of the money."

That was the comment from the Town Clerk to the 1981 Annual Town Meeting which approved innovative action aimed at halting the flow of dog license money from the Town Swampscott to the Essex County government.

Town Clerk Paster filed the article in the Warrant calling for the town to petition the State Legislature to amend the General Laws of the Commonwealth to allow Swampscott to keep 100% of dog license money for the town treasury and not simply 50% as has been the case until now. State Representative Larry Alexander assisted Paster in filing the legislation and seeing it through the House and Senate and then to the Governor's Office where it was signed into law.

Now, when you license your dog, the town gets 100% of your license fee which is used to fund the cost of municipal government. (It is also interesting to note that since Paster's law was signed by the Governor, officials from Lynn, Salem and Peabody have contacted the Town Clerk seeking guidance for similiar legislation in their communities.

Our pride is showing!

* * * *

When the Proposition 2½ vote became a message to town officials that the Property Tax was already overburdened, your Town Clerk took the initiative and

drafted an article for the Town Meeting warrant calling for an increase in fees for birth, death, marriage certificates, certified copies of materials in his custody as well as 42 other categories. The Town Meeting was told that the user should foot the bill and not everyone in town. The new schedule was adopted and the added revenues are helping to hold the tax rate down.

* * * *

We continue to monitor the public meetings of all boards, committees and commissions in Swampscott to insure compliance with the Open Meeting Law. A record of minutes of each meeting is kept since all minutes must be filed with the Town Clerk to become a permanent record of the town. Some boards and committees have been lax in this respect and corrective amendments to the town's By-Laws will be filed to alleviate this situation to preserve the integrity of the town's public records responsibility.

* * * *

The Town Clerk has been summonsed into District and Superior Court, the Civil Service Commission and the Arbitration Board to provide documents in these legal matters. The accuracy or method of presentation of these records has never been questioned . . . and we're proud of that fact.

* * * *

The Town Clerk has drafted a series of guidelines for the Board of Appeals concerning their Variance, Use Permit and Special Permit application procedures. These guidelines should be implemented soon to end years of confusion on the part of petitioners and to insure that the necessary information is given to the Appeals Board members in advance of the required public hearings to aid them in their deliberations.

* * * *

All newly enacted legislation is reviewed from the Beacon Hill and each official or department affected by a change in the state laws sent copies of the law or amendment so that the entire town administration is kept abreast of the laws governing our community.

Town Collector

JACK L. PASTER

The following is the report of the Town Collector for the Town of Swampscott's Annual Report for the year ending December 31, 1981:

"The Tax collector is a tough cookie. He walks a straight line; and he's got the people trained to pay taxes. In some situations you want to bend the rules. But Jack doesn't bend them for anybody. He's the best tax collector the town has ever had and whether he's making friends or enemies, he's doing his job."

That comment came from Anthony F. Benevento, chairman of the Swampscott Board of Assessors, and was made during a recent interview between the Assessor and the Swampscott Reporter. It was unsolicited and totally unexpected.

Positive comments are unique for a tax collector and we are sincerely appreciative. My staff and I practice the philosophy contained in Mr. Benevento's comments each and every day.

Thank you, Mr. Benevento for your words of praise and your board's continued cooperation.

* * * *

Continued strides in sound cash management techniques have been implemented by your collector to enhance the town's financial picture. Early in each week the Town Treasurer is notified, in writing, of the exact amount of the weekly state mandated turnover of cash he will receive on Friday. In this way he can plan his investment strategy well in advance of the turnover.

* * * *

Your collector's innovative program of investing the town's tax receipts during the peak cash periods: one week before the tax payment deadline and one week after the deadline, has netted $8,699.97 this year. Our investment program is handled on an overnight basis with the assistance of the collector's bank, Century North Shore Bank and Trust Co. Securites purchased were government-backed issues of the Small Business Administration, the Federal Farm Credit Bank, the General National Mortgage Association as well as the Massachusetts Bay Transit Authority. The funds received in the form of interest on these investments go into the town's General Fund to help fund the cost of the municipal government.

* * * *

Your collector and State Deputy John B. Bolduc continue to curb excise tax delinquency in this community. Thirty hearings are conducted each month at the Registry of Motor Vehicles and the license suspensions for non-payment of the excise tax are widely publicized. When the tax delinquent attempts to renew his or her license or registration, clerks at the Registry refuse to process the renewal until the individual has settled with the Swampscott tax collector. Sometimes it takes three or four years . . . but the town eventually gets its money plus every penny of interest up to the date of settlement.

* * * *

Fines assessed of 'bad checks' have netted the town almost $900 this year. When a check is returned for insufficient funds or any other reason, a letter is sent

assessing a $5.00 charge or 1% of the face amount of the check whichever is greater. Also, a $2.00 demand charge is assessed to cover the work involved in processing the returned check. Residents are given five days to respond with a cash or bank check payment. If settlement is not made a letter on Police Department stationery is hand delivered by a Constable and another $2.00 plus the $10.00 hand service fee is assessed. If payment is not made within 48-hours, an arrest warrant is sought from the District Court. With the Police Department's total cooperation in this 'bad check' effort, needless to say . . . our collection rate is 100%.

* * * *

Just as we are quick to access interest penalties in all cases of late payment, we are painstakingly careful to give each taxpayer every opportunity to remit timely payments of their accounts.

To this end, and in the interest of fairness, the collector has established evening hours as the tax payment deadlines approach and early morning hours on the deadline day so that people who work out-of-town during regular business hours can still transact their business at Town Hall.

We have also printed a message on each property tax bill which states that interest will be assessed after 5:00 p.m. on the last day to pay the tax without penalty. That date is clearly defined on each bill. Reminders of the deadlines to avoid interest are also printed in the area newspapers and are telecast over Cable TV.

Notes:

*Tax Title action initiated or pending.

**All outstanding accounts more than 74 days old have been submitted to the Registry of Motor Vehicles for license suspension. Hearings on these suspensions are conducted at the rate of 30 per month, the maximum allowable under Registry guidelines.

Town Treasurer

The following report covers the calendar year ending December 31, 1981.

During 1981 the Town earned $225,486.66 on its working cash and its revenue sharing cash, while paying $121,409.20 on revenue anticipation note interest.

I feel that the single most beneficial cash management action is timely issuance of real estate tax bills. State law requires the fall real estate tax bills be out by June 14th of each year. I submitted an article for Town Meeting requesting legislation permitting estimated tax bills to deal with the possibility of late cherry sheets.

I also submitted an article asking that the Town issue monthly financial reports within thirty days along with cost per unit ratios. I feel this will enable monitoring on a frequent regular basis of financial position and costs.

I feel that the Town audit ought to be put out to bid every two years to control costs and to obtain better service. I estimate it cost the State $60,000 to do the 1979 audit for which the Town got billed $14,662.50 on the 1982 cherry sheet.

I attended meetings of the Massachusetts Collectors' and Treasurers' Association about once a month on the average, including the annual Treasurer's school at the University of Massachusetts in Amherst. I also went to the Cherry Sheet Conference, Proposition 2½ meetings put on by the State. MMDT seminars, various programs by banks and the Bureau of Accounts Data Processing show in Worcester.

I feel the Treasurer should be given the means to do the job that should be done as neglect can result in hundreds of thousands of decreased income and excess costs. The salary was $4,000 in 1964 and is $5,250 today.

I appreciate the splendid performance of Barbara Bickford, Assistant Treasurer, and all with whom we work.

Town Counsel

HARVEY F. ROWE, JR.

It is with a sense of both accomplishment and sadness that I write my last report as Town Counsel. I have thoroughly enjoyed the position and will miss the incumbent challenges that go with the position.

The past year was difficult for the Legal Department since the normal case load of matters sent to the department increased along with an influx of labor matters brought forward by Proposition 2½.

The Legal Department this year had some major cases concerning the payment of Blue Cross-Blue Shield payments to union employees way back to the year 1975. There have also been matters in the Superior Court, Civil General Commission, American Arbitration Association, and grievance hearings before various town bodies concerning labor management issues.

Additionally, the department represented the Board of Appeals in various zoning matters along with the Planning Board in the development of land at the so-called Davenport Estate.

Opinions as requested by various town boards, committees and commissions were rendered and duly filed with the Town Clerk, as well as many informal opinions which were directed either verbally or in writing to the respective boards.

I wish to thank all of the members of the Board of Selectmen that I labored for during the years, along with the other boards, commissions and committees that I have represented. I have always been aware of the great dedication and devotion to duty that the above individuals have displayed on a daily basis out of a sense of civic pride.

I, further, wish to thank Arthur J. Palleschi, Assistant Town Counsel, for his professionalism and trusted association during my tenure, and to Thomas H. Driscoll, Labor Management Specialist, for his expertise and advice.

Board of Appeals

WALTER A. COSTELLO, Chairman

ANTHONY CORSO — JACK LEVIN

Associate Members

ANN WHITTEMORE — WILLIAM O'BRIEN

The Board of Appeals held a total of 129 hearings during the year ended December 31, 1981.

Town Counsel Harvey F. Rowe, Jr., and Arthur J. Palleschi, Assistant Town Counsel, continue to handle the Board's legal affairs in an excellent manner for which the Board is very appreciative.

The Board is grateful for the continued cooperation of the Town's various Departments, Board and Committees.

Building Code Board of Appeals

RICHARD T. McINTOSH, Chairman

The Swampscott Building Code of Appeals met once during 1981 to hear the petition of Pewter Pot Restaurant relating to dead locks and panic bars on the exit doors.

The board stands ready to hear any appeals that may be made by any body that may be aggravated by the Building Department.

Respectfully submitted for the Building Code Board of Appeals.

Board of Assessors

VERA C. HARRINGTON, Chairman

ANTHONY F. BENEVENTO, Secretary — CHARLES E. MORRISON, Appointed

The Board of Assessors herewith submits its Annual Report to the Citizens of the Town of Swampscott for the year 1981.

Mr. Charles E. Morrison was appointed to the Board replacing Mr. Frank M. Baglione who resigned to take a job in another state.

At the first meeting of the Board after Town Election in April, Mrs. Vera C. Harrington and Mr. Anthony F. Benevento were unanimously elected Chairman and Secretary, respectively.

The revaluation program conducted by the firm of McGee and Magane, Inc. of Wilmington, Massachusetts was completed and approved by the State Department of Revenue.

The Board notes that the program is complete and equitable as state certification indicates. As with any Mass. Appraisal Program, the Board sees some errors as shown by the filing of 1,000 abatement applications (200 by the newly formed Summit Estate Condominiums). The 800 applications represents approximately 15 percent of our taxable property, and is consistant with any new revaluation program. Having our program on a computer enables us to quickly find any inequities in our value and with State approval adjust accordingly. Under the new law of 2½ we are required to update our program at least every two years. This was another reason we decided to computerize our assessing office.

With the advent of proposition 2½, the Board wishes to express its concern that as part-time board we are finding that more and more of our time is demanded to administer the basic principle of assessing.

The Board would like to give special recognition and thanks to Mr. Charles Hoen for the many hours of his personal time on a number of matters, and to Town Counsel, Mr. Harvey F. Rowe, Jr., and Assistant Town Counsel Mr. Arthur Palleschi for their many hours of assistance in matters of litigation. We would also thank Mr. Keith A. Callahan, Town Accountant who is always there when we need him.

Statutory exemptions on real estate, which are mandatory under Chapter 59, General Laws of the Commonwealth of Massachusetts to qualifying homeowners, totaled in the amount of $129,041.59.

The Board of Assessors submits all figures used to determine the Tax Rate for Fiscal 1982 at $25.00 per thousand.

Inspector of Buildings

LOUIS GALLO, Inspector of Buildings

ERLAND S. TOWNSEND, JR., Alternate Inspector

The foregoing list of permits and construction cost for the year 1981, indicates an increase in activity over the preceding year. Two hundred and seventy permits were issued in the amount of $2,801,105., for an increase over the 232 permits in the amount of $2,464,465., issued in 1980.

The permit and construction inspection of this department accounts for approximately 60% of the department's time and budgeted activities. The other responsibilities and functions of the department are the enforcement of the Town Zoning By-Law, the State Zoning Act, the State Building Code Safety Directives, and the State mandated inspection of places of public assembly, institutions, lodging houses and other uses specified in the State Building Code. The department also receives and investigates all reports of alleged zoning violations received by it in writing from any party.

On July 1, 1981 the Plumbing and Gas Inspectors department was transferred from the Health Department to the Building Department as required by Massachusetts General Law, Chapter 142. The Building Department now issues all permits and handles record-keeping for the Plumbing/Gas Department.

LOUIS GALLO, Inspector of Buildings

ERLAND S. TOWNSEND, JR., Alternate Inspector

By-Law Compilation Committee

TIMOTHY J. DAVERN, Esquire, Chairman

JOHN F. BURKE THOMAS F. ROGERS, Esq. JACK L. PASTER

JAMES E. HANLEY ANTHONY CORSO

The By-Law Compilation Committee has completed the initial phase of its assignment.

Updated copies of the Town Charter and General By-Laws placed in a three-ring loose leaf binder and copies of the town's Zoning By-Laws, also bound in the three-ring loose leaf binder, are now available for $5.00 each in the Town Clerk's Office at the Town Administration Building.

Committee work on other town by-laws will be completed as time permits.

Cable Television Advisory Committee

ARTHUR I. MISSAN, Chairman

LOUISE LaCONTE MAUREEN McGRAIN HYMAN GOLDIN

JOHN TELFORD EDWARD T. LOTTE (Resigned February, 1981)

During 1981, the Cable Advisory Committee continued to monitor the progress of the cable television system. In February, then chairman Edward T. Lotti resigned after twenty-one months of outstanding service to the Town of Swampscott during the licensing and construction phases of the cable system.

In September, the studio was completed in the Swampscott High School. There has been a high level of public interest in community access programming, especially among the high school students. Warner-Amex offers free four-hour workshops in the use of video equipment. Upon completion of the workshop, a resident may sign out the portable equipment to tape events, documentaries, plays, interviews and whatever the creative mind conceives.

The committee acted as mediator when problems arose between the licensee and subscribers. We were able to resolve all of the problems which were brought to our attention. Subscribers are urged to contact the committee through its members or to attend our meetings regarding any problems.

The Cable Advisory Committee will continue to encourage the maximum utilization of the cable facilities by the citizens of the Town of Swampscott, and will continue to monitor the activities of the licensee.

Department of Civil Defense

RICHARD MAITLAND, Director

The Swampscott Civil Defense is a viable agency of the town which is available 24 hours/day 7 days/week to support any town agency during an emergency. We have: information and sources of information on survival during almost any emergency; emergency power and lighting capabilities; portable and mobile communications; heavy rescue and evacuation equipment; other types of emergency equipment is available to us through mutual aid agreements and through the State Civil Defense.

Swampscott Civil Defense responded to Lynn on Nov. 28 upon request of Lynn C.D., Director Maitland assisted in the emergency operations center and George Patrinos operated our lighting units. The Auxiliary police directed traffic in Swampscott and Lynn during the fire.

It is reassuring to know that we have trained volunteers from our town available to support our public safety departments during any crisis or emergency.

Collective Bargaining Agent - Labor Consultant

ATTORNEY THOMAS H. DRISCOLL

The Town entered the fiscal year without any new collective bargaining agreements. The effect of Proposition 2½ dominated all negotiations between the Town and the unions representing Police, Public Works, Town Hall, Library and Firefighters.

The Town Meeting voted to reduce appropriations to comply with the provisions of Proposition 2½. The result was felt in all departments.

Five firefighters' positions were terminated because of lack of funds. The removals were carried out in compliance with Civil Service Regulations. The Firefighters Union opposed the removals and has proceeded against the Town in Civil Service Hearings, Arbitration and Civil Litigation.

Some additional funds became available to the Town through Local Aid Distribution. Collective bargaining resulted in agreements between the Town and the unions representing employees of the Library, Public Works, Town Hall and the Police. A Special Town Meeting voted to fund agreements with these unions.

The firefighters have insisted on re-employing the five firefighters as a requirement for any collective bargaining agreement with the Town. The Special Town Meeting voted against an article to appropriate funds to re-employ the five firefighters.

The Town is operating under one year contracts with all unions except the firefighters. Negotiations are under way with all unions.

Conservation Commission

JOHN DeCAMP, ESTHER EWING, Co-Chairman

JAMES CLEVELAND ROLAND DUBE NANCY DRIGGS

SALLY INGALLS CHARLES WILKINSON

In 1981 the Conservation Commission was mainly concerned with matters related to the Wetland Protection Act. Although only four hearings were held, the Commission spent much time checking and advising on various properties upon which Orders of Condition had previously been issued. Construction on the Davenport property at 1 Salem St. began and the Commission worked closely with the developer to see that the two wetland areas are to be preserved.

The Commission has been on the alert to maintain its properties and keep litter at a minimum and the lands posted with proper signs. In this connection we would like to thank the DPW for their help and co-operation. The Commission has also assisted the Swampscott Foundation in seeking ways to dispose of property which the Foundation owns.

On Dec. 24th the Ewing Woods was formally dedicated with a ceremony at which the Ewing Family, John DeCamp, Lawrence Greenbaum and Nelson Darling took part.

Disposition of the Curran Beach property, owned by the Burg Family, is still not settled. This land is not buildable; therefore, the Conservation Commission is anxious to acquire it and is continuing to explore all possible methods to do so, including State and Federal funding. A parcel of land on Phillips Beach Ave., abutting Palmer's Pond (formerly the Benjoya property) was offered to the Commission by its owner, Mrs. Florence E. Kolb. This was accepted and the matter referred to the Board of Selectmen and Town Counsel.

The Conservation Commission joined the Planning Board in taking Court action to prevent the Board of Appeals from granting the variance to convert the Preston Beach Motel to condominiums. The Commission feels this is a major zoning change which should go before Town Meeting and not be decided solely by the Board of Appeals.

In November a vacancy occurred with the resignation of Roderick Gaskell; and this was promptly filled with the appointment of Nancy Driggs.

Work on the Master Plan still occupied much of the members' time, but progress was made and publication should be soon.

Contributory Retirement Board

EDWARD F. RICCIO, Chairman and Elected Member

GERARD L. CARON, Appointed Member

KEITH A. CALLAHAN, Secretary, Ex-Officio Member

The Board is pleased to report on the highlights of its activities for 1981.

Retirement allowances paid during the year amounted to $844,367.53 from the Contributory Retirement System.

At the end of the year there were Non-Contributory pension allowances equal to $333,824.32 per year being paid.

The source of all invested funds was employees' contributions.

A complete list of the General Ledger balances as of June 30, 1981 is included in the Town Accountant's report.

Greater detail is available in the Annual Report submitted to the State, a copy of which may be examined at the Town Accounting Office.

Council on Aging

ROBERTA A. KALOUST, Chairman

BARBARA CONCANNON, Treasurer

ROBERT JOHANSON HELEN SCHIFFMACHER RICHARD MAITLAND

JOAN FREID, R.N. HERMAN GOODWIN

Available services for Swampscott Seniors have continued to increase during the past year. The Leon E. Abbott Senior Center has completed its first full year of operation and this has made space available for elder use only. A 15 passenger van operated by volunteers and maintained with donated funds has added transportation services that Greater Lynn Senior Services is not able to provide.

David Fried, Architect, AIA, of Little's Point volunteered his professional services and at the time of this writing the kitchen addition and the rehabilitation of the existing ground floor is well underway. Upon completion of the new kitchen and service area, and the renovated dining room, the Council's goal of the development of a multi-purpose senior service center will be accomplished.

State and Federal FY '81 and '82 secured grants, an on-going fund drive by the Swampscott Knights of Columbus, a legacy, volunteer excavation for the addition by DPW employees, a General Electric Good Neighbor Fund grant, a donation from G.E. Community Relations and hours of volunteer labor hours have made all of this possible at no cost to the taxpayers. Monies were paid only when professional labor was required. Materials were purchased at near cost from Swampscott based and/or owned companies which did this as a community service.

Ramp construction was made possible by grant money, donated funds and excavation done by the Department of Public Works. This provides free access to the addition and ground floor for the disabled and frail elderly. Hopefully, future funding and volunteer labor will make the first floor also accessible.

The Center office facility provides an information and referral service, manned by the Council and other volunteers five days a week 9:30 am to 4:00 pm, a Community Health Clinic and a "clearing house" for a Town-wide outreach system provided by Greater Lynn Senior Services. Recreational areas offer arts and craft and other recreational programs which are scheduled regularly, as well as a drop-in center. The monthly participation averages 280 elders.

The van operates on a regular schedule to provide weekly food shopping trips, outreach visits by Seniors to Swampscott elders confined to hospitals and nursing homes, transportation for Senior entertainment groups which donate their fees to the bus fund or building fund, transportation to and from the Center for special events when GLSS is not available.

In FY'82 our system of unpaid volunteers, as always the backbone of our work, has provided the equivalent of $35,000 in services which was used as the basis for the soft in-kind match for all grants received to date. To all of those who have contributed in any way, the Council extends its sincerest thanks.

Board of Election Commissioners

ALFRED MASELBAS, Chairman

DOROTHY COLLINS JUNE MORSE

RALPH EARLE

The Annual Town Census was conducted during the months of January and February, as per Chapter 51, Section 4, 7, of the General Laws of Massachusetts, requiring that persons seventeen years of age or older be counted in the census. The total census count was 11,462 and a breakdown by precinct is as follows:

Precinct 1	1996
2	2193
3	1822
4	1761
5	1969
6	1721
	11,462

In conjunction with the town census, we are also under obligation under Chapter 51 Section 4, as amended by Chapter 367, Acts of 1977, to include in the census all persons three through twenty-one years of age, which must be transmitted to our local school committee. No questions about special needs can now be asked as formerly under Chapter 766, and the purpose of the school census under the Board of Education Regulations is to find any children who are not attending school. Such children do not appear on current records and school committees must rely on our listing to discover them. The required follow-up is the responsibility of the school committee. This listing is maintained in the School Department for their permanent records.

TOWN ELECTION

April 27, 1981

The annual town election was held on Monday, April 27, 1981, in accordance with Article 68 of the 1977 Town Warrant wherein it was voted to hold the annual town elections on the fourth Monday in April and the first meeting of Town Meeting Members on the first Monday next thereafter. The following appointments were made by Selectmen to fill vacancies till the next town election, namely:

Ralph B. Earle to the Board of Election Commissioners due to the sudden death of J. Dane Chandler

Robert E. Donelan to the Board of Public Works due to the resignation of John McDevitt

Jointly with the School Committee, Louis M. Modini was elected to the School Committee due to the resignation of Alexander Tennant

Jointly with the Board of Assessors, Charles E. Morrison was elected to the Board of Assessors due to the resignation of Frank Baglione

Thomas F. Maloney as a Commissioner of Trust Funds due to the resignation of Richard J. McCarthy.

The Board of Selectmen voted to reappoint Dorothy M. Collins to the Board of Election Commissioners for a four-year term.

A statistical survey requested by the Council on Aging of residents 60 yrs. of age and over revealed a total of 2916.

By a unanimous vote taken at the January, 1981, Board meeting, it was decided to dispense with the so-called "family paper" (nomination paper formerly used by incumbents requiring just one set of 50 signatures) effective with the forthcoming town election in April, 1981, which would require all candidates for town office, including incumbents, to obtain individually 50 signatures of registered voters on their nomination paper.

Fire Department

WILLIAM R. HYDE, Chief of Department

The following is the report of the Fire Chief for the year 1981:

During the year 1981, this department answered a total of 1171 alarms. Of these alarms 39 were building fires, 18 traffic accidents, 49 were medical aids. The remainder of these calls included lockouts, false alarms, mutual aid runs to other cities and towns, electrical fires, Chimney fires, oil burners, details and miscellaneous incidents. We inspected and issued 108 permits for oil burners.

"APPARATUS"

The apparatus of this department is in excellent condition with the exception of our reserve pumper, Engine #1. This pumper is in need of mechanical work and also equipment to bring it up to standard. I am presenting an article at our next annual Town meeting for the purpose of bringing Engine #1 up to standard. We are still awaiting arrival of our Ladder truck from Maxim Motors. Robert Baker of the Finance Committee, Lawrence Greenbaum of the Board of Selectmen, Robert Pierro department mechanic and myself paid a visit to the Maxim Motors plant in Middleboro for the purpose of seeing first hand the condition of the company and its operation.

"FIRE DRILLS AND INSPECTIONS"

Fire drills were conducted at all schools during the year 1981. Fire drills are conducted shortly after school opens, during Fire Prevention Week, and several times during the year. Separate drills are conducted by the teachers throughout the year. These drills are conducted in an orderly and efficient manner and credit is deserved by the principals and faculty who supervise our students. Each year before the opening of school, the fire alarm systems are checked in all schools by the Town Electrician and the Deputy Chief of this department. All systems were found to be in proper working order. All mercantile, public and other buildings under our control have been inspected according to law. Inspection of property is a valuable branch of the fire service, and we of the fire service are more than happy to do our part in this most important work. Citizens of Swampscott are urged to contact their fire department for suggestions on fire prevention and fire safety. The number to call is 595-4050. During Fire Prevention week, members of this department assisted in the program by the Hartford Insurance at all elementary schools. We were also hosts to many other classes that visited both fire stations. Materials were handed out to many of the younger students stressing fire prevention.

"FIRE ALARM SYSTEM"

The fire alarm system has had continued maintenance by our Electrical Inspector. Overhead wiring is still needed in certain areas of town. There are still areas that are in need of new fire alarm boxes. We are in the process of placing a fire alarm box in the vicinity of the old New Ocean House property. This box is being placed for the protection of our residents in that area and also for the protection of our many residents who use the beaches in that area. All Fire Alarm boxes are tested on a regular basis by the Deputy Chief and the Electrical Inspector. Anyone not familiar with the operation of a fire alarm box in the case of an emergency, should call the fire department for instructions on its use. Do not hesitate to use the fire alarm box for any type of an emergency. It is a means of getting help immediately.

"PERSONNEL"

During the year 1981, this department was reduced in size due to the budget constraints brought about by Proposition 2½. Five firefighters were laid off and the Deputy Chief's position was not filled upon his retirement. Deputy Chief Carl Pagano retired on October 31, 1981 after 42 years of service with the Town of Swampscott. A retirement party was held at the Central Fire Station in his honor with many former and retired members present.

"ATLANTIC HAND TUB"

The Atlantic Handtub had musters at the following places: North Berwick, Maine, South Paris, Maine, Peterborough, N.H., Gloucester, Mass., Salisbury, Mass., Newburyport, Mass., Lynn, Mass., and Pepperell, Mass. The annual pump off between the Atlantic and Gerry of Marblehead was won by the Atlantic recovering the pumping trophy which is on display at the Town Hall. The musters were under the direction of Mickey DePaolo and Phil Cullen who is the foreman. Members of the handtub would like to express their sincere appreciation to Edna and Dick Maitland for all of their help during the past year. They would also like to thank the Board of Selectmen and all who participated during the year. One thousand dollars in prize money was won by the Atlantic during the musters.

"RECOMMENDATIONS"

I recommend re-instating the five laid off firefighters and also the addition of new personnel.

I recommend the re-instating of the Deputy Chief's Position.

I recommend the installation of additional hydrants in areas where protection is deficient.

I recommend the replacing of overhead fire alarm wires where needed throughout town.

I recommend the replacing of fire alarm boxes throughout the town as needed.

I wish to express my sincere appreciation to the Board of Selectmen, Finance Committee, town meeting members, civil defense department, to all town departments and especially to the Officer's and firefighters of my own department for their cooperation during the year 1981.

Forest Warden

WILLIAM R. HYDE

The following is the report of the Forest Warden for the year 1981:

During the year 1981, this department issued 79 burning permits to the residents of Swampscott. This was done in accordance with the law which allows burning during the period January 15, through March 15. This burning to consist of the open burning of products of open space land husbandry and management, including materials commonly referred to as brush including vegetation such as tree branches, brush, cane, driftwood and other forestry debris, but excluding grass, hay or leaves. The permit for such burning to be obtained from the fire department.

Such burning shall be performed in accordance with the following requirements: a) without causing a nuisance, b) with smoke minimizing starters if fire starters are necessary, c) between ten o'clock ante meridian, and four o'clock post meridian, d) on land proximate to the place of generation of such products, or at such other place as may be designated in the permit.

Violations shall be punishable by a fine of not more than fifty dollars per day, and each day's violation shall constitute a separate offense.

This statute will be enforced by this department anytime it is encountered.

Any future changes in the open burning law will be issued to the local papers for citizen notification. I wish to thank the citizens of Swampscott for their past cooperation in this matter.

Fourth of July Report Committee

ROBERT E. PERRY Chairman

The Fourth of July Committee is pleased to report on the celebration on July Fourth, 1982.

On July Fourth the Committee put on park races at Jackson Park. Ice cream and awards were given out to the participants.

The Committee would like to express its appreciation to the following for their assistance in making the days events a great success. Board of Selectman, Board of Public Works, Police Department, Swampscott Jaycees and all townspeople who assisted.

Harbormaster Report

LAWRENCE P. BITHELL

I wish to express my appreciation to the residents of the Town of Swampscott, especially the Fishermen and boaters who supported me for my reappointment as Harbormaster. I especially wish to thank my Assistant Harbormasters Steve Castinetti, Ben Guay and Mike Pizzi. I also wish to thank the Fishermen, boaters, Town Boards and Town Departments for their cooperation on the Swampscott waterfront.

It is because of the fatality and near fatality and numerous incidents handled on the waterfront this past year that I make the following recommendations. This office because of the predicted cut backs in the Coast Guard Budget we must establish a marked swimming area, establish radio communications with Police, Fire and Coast Guard. Also that in order to provide on water enforcement of Mass. State Boating Laws and the Town By-Laws and perform the duties of this office, we must have a boat. It cannot be expected that any time an accident or violation occurs a private boat will be available to the Harbormaster, so he can perform his duties.

I wish you all a safe swimming and boating season in 1982.

Board of Health

ROBERT W. MURPHY, Chairman

THEODORE A. DUSHAN, M.D. HOWARD E. ROTNER, M.D.

KENT F. MURPHY, C.H.O. Health Officer

The Board of Health received 136 death certificates resulting in a crude death rate of 9.4 per thousand. The average death was 74 years of age and a 5 year average was 75 years.

There were 107 births reported for Swampscott residents of which 2 were premature. The birth rate for the last 10 years was as follows: 1972, 114; 1973, 92; 1974, 89; 1975, 86; 1976, 96; 1977, 97; 1978, 73; 1979, 93; 1980, 99; 1981, 107. The birth rate has remained relatively stable.

Heart and Circulatory diseases remain the major cause of death with 81 deaths, followed by Respiratory disease 25, Cancer 22, Accidental death 4, Kidney diseases 3 and 1 Gastrointestinal Hemorrhage.

Communicable diseases for this and the preceding 5 years are as follows:

	1981	1980	1979	1978	1977	1976
Chicken Pox	91	103	75	90	75	18
German Measles	0	0	3	1	0	0
Hepatitis Infectious	0	2	2	0	0	2
Measles	0	0	0	0	3	1
Meningitis	1	1	0	0	1	1
Mumps	1	1	0	0	1	2
Salmonellosis	3	4	2	16	6	2
Scarlet Fever	2	2	0	2	0	3
Strep Throat	8	10	4	7	4	0
Tuberculosis	0	0	0	0	0	0
Whooping Cough	0	0	0	0	0	0
Dysentary Bacillary	0	0	0	0	4	2

Animal Bites: Dog 24, Cat 6, Bat 1, Skunk 1, Squirell 1.

A total of 32 teachers, school and other health related personnel, were tested for Tuberculosis. One was referred to Salem Pulmonary Clinic for xray.

A change in the State law not requiring recertification every 3 years because the school personnel are not a high risk group was instituted this year.

A Well Child Clinic was held the last Tuesday of each month for preschool children. Dr. Albert A. Brown was the attending pediatrician. The clinic space was donated by the First Church in Swampscott Congregational. An average of 7 children per clinic were seen.

A Hypertension Clinic was and is held at the Senior Citizen lunch center the first Tuesday of each month from 10:00 a.m. to 12:00 noon.

Dental inspections were made by Clement C. Shoenbeck, D.M.D., Paul J. McNeil, D.D.S. and Charles N. Lynch, D.M.D. of all students grades kindergarten through VI inclusive. There were 162 referrals to private dentists.

The Board of Health spent many hours inspecting, discussing and reviewing the sewage sludge compost project, which is being conducted by the Board of Public Works in the rear of the Town Cemetery. As problems arose, solutions were found by the consultants, B.P.W. and the Health Department. The Board of Health has and will make every effort to help this project to be a success, however, it must be conducted without health nuisances. A more detailed report will be made at a later date.

The rubbish collection system is functioning very well. We have instituted a limited one day per week collection on Humphrey Street, and a fee for either extra rubbish or extra pickup on additional days. It is too early to determine the financial effect of this program. The long term effect will be that we will better organize the contractor's collection time and, therefore, result in savings when the collection contract is next put out to bid.

Arthur A. Barry, D.V.M. conducted our annual Rabies Clinic and a $4.00 fee for service was charged. There were 298 dogs and 23 cats vaccinated. This is the fifty-sixth year for a Rabies Clinic, which is a very necessary program, and this is the second year a fee has been charged. This very needed clinic has been conducted at no charge to the Town. It must be pointed out, however, that there were about 40% less dogs vaccinated this year over last.

A free Flu Clinic was held at St. John's new school hall and a total of 431 received influenza vaccine free, and a total of 74 received the pneumonia vaccine. Aside from staff, the Health Officer and Public Health Nurse, this was an all volunteer program. We wish to thank Monsignor Carrol for donating the hall and Doctors Theodore A. Dushan and Howard E. Rotner; nurses Margaret Casey, Joan Freid, Janice Dunphy and Barbara DiPietro; and volunteers Carol Dedrick, Betty Beatrice, Barbara Eldridge, Roberta Kaloust, Theresa Grasso, Barbara Concannon, Sherry Chamberlin and Helen Schiffmacher.

School health services were provided for the Hillel Academy, including vision and hearing screening and scoliosis screening.

A total of 156 children were screened for Tuberculosis. All were negative.

Blood lead tests were done on 143 children. All were within normal limits.

Rental occupancy inspections were made on many rental units last year. Violations were noted and corrected. These inspections are made to assure that the "Minimum Standards of Fitness for Human Habitation" are met.

After many years of involvement in regional resource recovery projects, our long term rubbish problems will be ending. The Board of Health is recommending N.E.S.W.C.U.O.P. with R.E.S.C.O. as an alternative.

The position of Public Health Nurse was reduced to 20 hours per week this year. This was effective July 1, 1981 with no reduction of health services. The nurse is not available in the afternoon, and her assistance is missed in the office in the afternoons.

Our thanks to the volunteers, committees, boards and departments who helped.

Housing Authority

DAVID GILMORE, Chairman

JOHN F. O'HARE, Vice-Chairman MARGARET M. KELLY, Treasurer

EVA PERETSMAN, Assistant Treasurer ALBERT DILISIO, Member

LEONARD H. BATES, JR., Executive Director and Secretary

MICHAEL J. MARTIN, Counsel

The Office of the Authority is located at 6 Duncan Terrace and is open daily from 9:00 A.M. to 5:00 P.M., every day except Saturday and Sunday. Regular and Special Meetings are held as often as necessary to carry out the business of the Authority. The Annual Election of Officers is held on the third Wednesday following the Annual Town Election.

The Authority was established in 1948 and is an independent corporation from the Town. Four members are elected by the voters of the Town and the fifth member is appointed by the Secretary, Executive Office of Communities and Development for a five-year term. The other four members are elected for a five-year term with staggered expiration dates to guarantee a majority of experienced members to carry out the function of the Authority. All vacancies are filled by a vote of a joint meeting between the Authority and the Board of Selectmen until the next Annual Town Election to fill the unexpired term.

Information with regard to Admission and Continued Occupancy Limits and Eligibility Requirements for both types of housing in the Town can be obtained by calling the Authority's Office at 593-5516 or calling in person during regular business hours. Also, all Rules and Regulations pertaining to public housing are on file for inspection by anyone.

DEVELOPMENT 667 HOUSING FOR THE ELDERLY

On March 12, 1981, the Authority filed an application for a planning grant with the Exectuvie Office of Communities and Development along with pertinent exhibits for fifty units of Elderly Housing.

On May 21, 1981, the Authority was informed by the Secretary, Executive Office of Communities and Development that he was not awarding a grant to the Authority under the second round of funding.

SECTION EIGHT — DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

On November 11, 1980, the Authority filed an application with the Department of Housing and Urban Development for fifty units under Section Eight - Housing Assistance Payments Program. This program is similar to the Chapter 707 Rental Assistance Program currently run by the Authority.

On March 11, 1981, the Authority was informed by the Department of Housing and Urban Development that they were unable to approve the application.

On November 10, 1981, the Authority again file an application MA06-E1-004 for Section Eight - Housing Assistance Payments Program for fifty units; 20 1-BR Elderly, 20 1-BR Family and 10 2-BR Family. As of this writing, the Authority has not received an answer to their application.

The Authority at this time would like to thank Armand Capadaqua, for his devoted service to the community in the field of public housing and also for his continued help while not a member of the Authority.

On March 10, 1981, the Authority voted to appoint Atty. Michael J. Martin as counsel and commencing on June 23, 1981, Atty. Martin was approved by the Executive Office of Communities and Development.

Insurance Advisory Committee

RICHARD R. LONG, Chairman

MICHAEL J. O'BRIEN, Secretary MURRAY I. DAVIS, Esq.

This past year has been an extremely busy, but very rewarding and successful for the Insurance Advisory Committee. Under the strong leadership and guidance of former Chairman, Murray I. Davis, and with the individual talents, knowledge and expertise of all members, past and present, the Committee's primary objective was achieved.

Begun in 1979, our major goal was to consolidate the Town's insurance coverage, analyze exposures to loss, update property values and with the advice of our professional insurance consultant, Betterly Consulting Group, open all coverages to competitive bidding by insurance brokers.

The end result was a premium savings in excess of $10,000 for the Town. In addition, we now have Comprehensive General Liability, Umbrella Liability and Public Officials Liability coverages.

Although we spent many months analyzing and researching the need for Workers Compensation coverage, strongly recommended by our consultant and broker, and had money within our budget to purchase this coverage, we were defeated on our motion at the Special Town Meeting. We will continue to pursue this issue during 1982.

The Committee has lost the services and expertise of three of its former members, C. Stuart Chamberlin, Bruce N. Sachar and Marvin Schleyer. Without their wit, wisdom and dedication, our accomplishments would certainly have never seen the light of day. I wish to take this opportunity to thank each Committee member for their selflessness during those truly trying months of negotiations and renegotiations in attempting to reach our goals.

During 1982 we will continue to evaluate the need for Workers Compensation coverage, establish claims and loss control procedures and attempt to reduce the cost of our largest expenditure, Group Health and Life coverage.

Thanks to all Town departments and the Board of Selectmen for their cooperation and assistance.

Memorial Day Committee

GEORGE FITZHENRY, Chairman

CHARLES W. DWYER

WILLIAM HASKELL MRS. JANET FITZHENRY

MRS. PHYLLIS BUCCIGROSSO

Memorial Day services began with a mass on May 26 at St. John's parking lot, Msgr. John Carroll officiating. The Veterans of Foreign Wars joined town officials and friends at the cemetery for its usual ritual honoring deceased comrades.

After an address by Selectman Greenbaum and volleys from the firing squad, the Rev. Jeff Marks offered prayers and benediction.

Wreaths were placed at the various town memorials and flags put on the graves at the Grand Army, World War I and II cemetery lots. Open House followed at the V.F.W. quarters.

Serving on the Committee were Chairman and Mrs. George Fitzhenry, William Haskell and Mrs. Phyllis Buccigrosso.

Personnel Board

PAUL E. GARLAND, Chairman

MRS. ROGER D. WHITTEMORE, JR., Clerk

KEITH A. CALLAHAN PETER C. McCARRISTON GERALD B. FREEDMAN

In accordance with SECTION 3 (f) of the Personnel Board By-Laws, the Personnel Board herewith submits its twenty-second annual report to the Board of Selectmen and to the citizens of the Town of Swampscott.

The Personnel Board met several times during 1981 to act on matters brought before it by various boards, department heads, and individuals. Subsequent decisions were made, actions taken where warranted, and a number of articles were sponsored in the warrant for the Annual Town Meeting.

We welcome Gerald B. Freedman to the Board as a replacement for Joseph P. Griffin who resigned due to business schedule conflicts.

The Board wishes to thank all town boards and individuals who have given assistance and cooperation during the year.

Planning Board

GARROLD E. BAKER, Chairman

THOMAS F. ROGERS, Secretary

LEON J. McENTEE VINCENT R. DiLISION EUGENE BARDEN

The Board continued to meet regularly on the Third Tuesday of the month. The Board review and approves subdivision plans. It also endorse plans not requiring subdivision control approval. The Board expresses its appreciation to retiring Building Inspector Thomas F. Kiley for the co-operation he gave us during his tenure.

The Board held public hearings on all zoning by-law amendment proposals and reported on the same to Town Meeting.

Police Department

PETER J. CASSIDY, Chief

PERSONNEL

Acting Chief Peter J. Cassidy was appointed permanent Chief of Police, April 30, 1981. Lieutenant John F. Casey, retired on disability, November 26, 1981. Patrolman John E. Alex was appointed Acting Lieutenant, October 29, 1981.

TRAINING AND EDUCATION

Captain Joseph A. McHugh attended a two-day seminar on sexual assault.

Officer Robert R. Berry attended an 80-hour course on Crime Prevention, sponsored by the Massachusetts Criminal Justice Training Council.

Officer Joseph I. Cordes III, attended a seminar on auto theft and insurance fraud sponsored by the M.C.J.T.C.

Officer Francis J. Corcoran, attended a 12-week course in photography and fingerprinting at the Bureau of Identification, Massachusetts State Police, 1010 Commonwealth Avenue, Boston.

Lieutenant Paul L. DesRoches, in charge of Traffic and Officer Robert R. Berry, Safety Officer are continuing the safety programs at all of the elementary schools.

Leiutenant John E. Toomey in charge of Crime Prevention along with crime prevention Officer Robert R. Berry are assisting residents and builders of new construction with the proper methods of decreasing the possibility of criminal activity in and around their property.

Twenty-four patrolmen are emergency medical technicians involved in training sessions during the year to maintain their certification in order to deliver up-to-date medical service to our residents.

Eighteen members of the department continue to attend Colleges and Universities in the area on a part-time basis; many have attained degree status and three officers have advanced degrees.

AUXILIARY POLICE

The Auxiliary Police under the direction of Auxiliary Police Chief Harold J. Keating, has been active during the year in assisting the regular department in various functions.

I would also like to thank all Town Departments and others who have co-operated with this Department during the year.

Trustees of the Public Library

MARGARET DiGUILIO, Chairman

FLORENCE S. ALEXANDER

RICHARD J. McCARTHY, Secretary (Jan.-Sept.)

SALLY DUPLAIX, Director

THOMAS J. CESARZ, Secretary (Oct.-Dec.)

As a result of Proposition 2½, the library had to make a number of significant adjustments in 1981, particularly in the areas of staff reduction and a sizeable reduction in the library materials budget. As a result of a Finance Committee request for budgetary cuts in January 1981, the library reduced its hours of opening by closing on Wednesday evenings (from 5 to 9 p.m.) and on Friday (from 5 to 6 p.m.), a total of 5 hours a week. Because of severe cuts in the part-time salary account in Fiscal Year 1981/82 budget, the library did not open on Saturdays during the Summer months, and remained closed on Saturdays during September. The issue of the money necessary to reopen on Saturdays was brought before Special Town Meeting on October 5th, and the library was successful in having enough money restored to its budget to reopen on Saturdays. Despite the reduction of staff and the loss of hours of opening, the library was still able to circulate more than 110,000 items during the year and to serve over 82,000 patrons who came to the library.

In October, Richard J. McCarthy was appointed by Governor King to the Massachusetts Board of Library Commissioners and he resigned from the Board of Trustees. The Board of Selectmen and Trustee DiGiulio appointed Thomas J. Cesarz to fill out the remainder of Mr. McCarthy's term for this year.

The Trustees received a gift from Mrs. Marguerite Perkins of a ship model of the U.S.S. Constitution, made by Mr. Henry S. Baldwin. The ship model is on view in the Henry S. Baldwin Room at the library.

In January 1981, the old steam boiler was replaced with a new system. The money for this purchase was transferred to our budget by the Finance Committee. In June, new thermopaned glass and anodized metal windows were installed in the Children's Room.

After 29 years of loyal and devoted service as our Building Custodian, Mr. Angelo Losano retired from our staff at the end of May. Mr. Losano was honored by the Town at a testimonial dinner held at Nandee's in Lynn on May 1st. Mr. Louis Gallo was hired as the new Building Custodian as a transfer from the Swampscott School Department where he had served as a Custodian at the High School.

The Children's Room continued to offer three weekly preschool story/craft hours, as well as two six-week toddler programs during 1981, and the auditorium was used weekly for a preschool play group and storytelling were provided on holidays and school vacations throughout the year. The Summer Reading Program was enjoyed by approximately 110 children reading independently for certificates as well as participating in the weekly craft programs and movies. The Friends of the Library sponsored the final Summer program and also generously donated a new record bin to the Children's Room during 1981.

More than 12,000 patrons used the resources of the Reference Room this year. The department answered in person and by telephone approximately 5,500 reference questions. In addition to traditional reference services, we ventured into a number of

new areas of library service. In a joint effort with the Lynn Public Library, we received a grant which allowed us to create, publish and distribute a social services directory to all households in our communities. The directory identifies and describes many of the important social service agencies in the greater Lynn area.

The first week of April marked National Library Week and the 25th anniversary of the 1956 addition to the library. Drawing from the rich talent and generosity of local people, the library presented a week of entertaining and informative programs on a myriad of topics: cooking, rare books, antiques, photography, health, wills, magic, local history and crime prevention.

Our crime prevention program was one of three projects involving police and library cooperation. We are helping the Police Department's Operation Identification Program by arranging and overseeing the circulation of engravers to be used by residents for marking their belongings. In turn, the police are helping us retrieve library material, or compensation for it, from delinquent borrowers who have ignored our requests for overdue library materials.

During 1981 the library was the grateful recipient of a Visualtek Miniviewer, donated by the Swampscott Lions Club. This instrument has the ability to magnify print up to 50 times its normal size and is available at the library for those who would like to use it.

The illness of our volunteer film projectionist, Sam Levy, terminated a decade of Wednesday afternoon film programs. A hearty "thank you" again to Sam, combined with our wishes for returning good health.

The Friends of the Library, under President John Butterworth, continue to support the library. The main project this year, besides book sales, was underwriting the cost of an informative brochure describing library services and is designed for new residents. The VITA (Volunteer Income Tax Assistance) program was also continued. The annual Friends "Night at the Pops" was once again a social as well as financial success.

With the purchase of additional museum memberships the Friends now have the entire museum program under their auspices.

In closing, the Trustees wish to express their appreciation and thanks to the Library Director, Sally Duplaix, all the regular full and part-time staff members, our dedicated group of volunteers, our CETA employees; and particularly we wish to thank the people of Swampscott for their continued enthusiastic support and patronage of their library.

DAVID L. PHILLIPS ROBERT E. DONELAN

DONALD L. HUSTON, P.E., Superintendent and Town Engineer

ROBERT J. SOTIROS,
Assistant Town Engineer and Assistant Superintendent

MAJOR PUBLIC WORKS PROJECTS

SANITARY SEWER EXTENSIONS:

Foster's Dam (Windsor Avenue, Foster Road to Nichols Street) portions of Nichols Street, Sampson Avenue, and Fisher Avenue; also a portion of Walnut Road (from Whitney Road to Sargent Road). With the completion of these projects there are only approximately 32 homes in the entire Town which are not tied into the Town's sewer system.

WATER PROJECTS PERFORMED BY PUBLIC WORKS EMPLOYEES:

Approximately 17 relays and 15 new services were done this year and 3 fire hydrants were installed and/or repaired.

Completed this year: Extension of a 6" water main in Walnut Road (from Whitney Road to Sargent Road).

CHAPTER 90 ROAD WORK:

Lincoln Circle and Highland Street

ROADS RESURFACED AND/OR RECONSTRUCTED WITH TOWN FUNDS:

The entire length of Puritan Road was reconstructed, including some curbing and grass strip.

A portion of Galloupes Point Road
Woodbine Avenue
A portion of Walnut Road
Humphrey Street at Burrill Street
Chapman Street
Reid Terrace
Lexington Circle
Lexington Park
Ocean Avenue
Estabrook Road
A portion of Phillips Avenue
Aycliffe Road
Stearns Street

SIDEWALK REPLACEMENT:

Bituminous Concrete Sidewalks have been reconstructed and/or replaced on portions of:

Morton Road
Pine Hill Road
Puritan Road
Manton Road

PARKS

The Public Works Department is responsible for maintenance of all parks, malls, tennis courts, basketball courts, playgrounds and beaches in Town. Continuous maintenance was performed on all of these areas by the Public Works Department during the spring, summer and fall months.

A program of removing Dutch Elm diseased trees and other trees which were determined to be dead or unsafe to the public was done during this year. The wood was made available to all Town residents at a cost of $10.00 for a quarter of a cord.

Approximately fifty (50) large shade trees were planted to replace the trees removed and also to beautify other Town streets.

A sprinkler system was installed at Burke Field. Beaches were cleaned during bathing season; lifeguard stands maintained; floats were set at Town pier for boat and water activities; and pram racks were maintained.

CEMETERY

118 burials took place at the cemetery this year.

ENGINEERING

The Engineering performed all duties as related to Public Works projects; plus keeping Assessors plates up-to-date; and assisting other Town Boards and Departments with their construction and engineering projects.

TREATMENT PLANT

The Wastewater Control Plant as well as seven Lift Stations are operated and maintained by the Public Works Department.

After receiving permission from the local Board of Health and the Massachusetts Department of Environmental Quality Engineering, the Department Public Works implemented a program of composting sludge. The Department of Public Works and the Board of Health have monitored the composting process with the help of outside consultants and this program has proven to be very successful and has resulted in substantial savings in the cost of operation and maintenance at the Treatment Plant.

The Town's application for a Modification of Secondary Treatment Requirements Application has been deferred temporarily by the United States Environmental Protection Agency. The reason for this action by the E.P.A. is that the agency will review applications submitted by larger municipalities first. Since Swampscott currently has facilities which treat wastewater to a level of primary treatment, the E.P.A. does not expect that any further construction toward Second Treatment will be performed during the interim review period.

The chlorination system at the Treatment Plant was converted from a chlorine gas system to a liquid sodium hypochlorite system. This change over creates safer working conditions.

MISCELLANEOUS

Fences, guardrails, and signs were replaced and/or repaired this year at various locations.

Additional electric meters were installed at the Fish House, this completes the metering of individual lockers of tenants. All tenants will be billed directly by the Electric Company, and the Town will no longer be required to pay their electric bills.

The following equipment was purchased this year:

(2) Highway Vehicles

Contracts were advertised for Improvements and Renovation of the Town Hall. Work on the portico and roof will begin some time in early spring.

A masonry wall was repaired on Hillside Avenue.

Boat and lobster pot storage agreements were amended to clarify conditions under which the parking lot at Fisherman's Beach can be used.

Precinct 3 ANTHONY DELLI-SANTI Precinct 4 WILLIAM HENNESSEY

Precinct 5 MARIE J. CLARKE, Chairwoman

Precinct 6 PATRICIA SULLIVAN

Member-at-Large: BRUCE vM. WHITTIER Coordinator WILLIAM BUSH

The Commission seeks to provide a balanced program of leisuretime activities which are not offered to residents by other Town systems or departments. Our goal is to serve residents from school age on into elder years. Also, the Commission has strived to make a sensible use of existing recreational facilities, and to keep costs to a minimum by increasing registration fees for all our programs.

Programs and activities sponsored by the Commission include: Arts and Crafts, Beach and Playgrounds (summer), Basketball (for boys and girls), Softball, Gymnastics, Tennis Instruction and Permit System, Sailing, Bowling, Track and Field, and Fitness and Conditioning.

Recommendations and goals accomplished by the Commission during the past year included:

1) Evaluated the present Tennis Permit Plan to increase fee and increased permit time, and added a Light Surcharge to eliminate electrical cost.

2) Improved facilities at the New Ocean House Beach property, including signs with Beach Regulations.

3) Ordered all Recreation Equipment and supplies during winter months to save cost and to have available for summer programs.

4) Changed job description of summer attendants to include facility improvement work and Park/Beach "clean-up".

5) At no additional cost, added special events to Playground Program to include Bicycle Rodeo Parade, more bowling dates, Sand Castle Contest, and Super Stars Competition.

In concluding, the Commission would like to thank the Department of Public Works for their assistance in the maintenance of Recreation facilities, and all staff members needed to carry out our programs. With their continued assistance and leadership, and the support of the community, the Commission will be able to improve programs in the upcoming year.

Regional Vocational School

VEEDER C. NELLIS, Swampscott Representative
North Shore Regional Vocational School District Committee

The North Shore Regional Vocational School District began its ninth fiscal year of operation on July 1, 1980. The year marked the fifth full year of operation as a regional high school in the renovated quarters of the North End of the USM Corp. building in Beverly.

Several events highlighted the school year. Some of these accomplishments added measurably to the value of the school as a community resource for Swampscott and the other fourteen member municipalities. Among them were:

ENROLLMENT

Approximately 540 pupils began the school year in September, 1980. Some of these withdrew at an early date, while others were late entrants. The official October 1 enrollment was 522 pupils, 520 of which were from member municipalities, with 46 of these from Swampscott, up slightly from the 41 enrolled in 1979.

A total of 36 boys and 10 girls were enrolled in the following courses: Auto Body (2), Auto Mechanics (7), Carpentry (7), Distributive Education (3), Heating, Ventilating Air Conditioning (1), Small Gas Engines (1), Drafting (2), Welding (6), Commercial Art (1), Culinary Arts (5), Appliance Repair (2), Machine Technology (6), Fashion Design (1), Painting & Decorating (1), and Resort Service Occupations (1).

GRADUATION

In June of 1981 North Shore's fifth group of graduates received their diplomas. A total of 115 pupils (74 boys and 41 girls) completed their career preparation plans. Over the years, North Shore has graduated 579 pupils, each of whom was ready to enter the labor force or to go on for additional training.

FUNDING RELIEF

During the year the District Committee was successful in gaining the passage of a bill which would permit State Funding of the rental and the original equipment costs of the entire vocational school.

Through the efforts of local Representatives and Sentors, an amendment to the budget bill providing this relief was passed and signed by the Governor. This will mean approximately $160,000 in State Aid to the District for each of the next five years of operation. This will help to alleviate the financial strain on member municipalities.

CURRICULUM MODIFICATIONS

Although the content of several programs was modified somewhat, the 22 training programs continued as before. However, as a means of keeping abreast with current industrial practice, the teaching content in many programs was revamped or modified. For example: new units of instruction in passenger car diesel fuel systems were introduced, while the study of older slower speed diesels was de-emphasized. Emphasis on commercial refrigeration was renewed upon the advice of members of the Advisory Committee for that subject.

During the year, a study was made to determine the content of the proposed new program in Industrial Electronics to be offered in the Fall of '81. A course outline was drawn up, reviewed by the appropriate advisory Committee and the three year curriculum was adopted by the School Committee.

BUILDING AND GROUNDS

The new gymnasium was occupied at the beginning of the 1980-81 school year. Finishing touches were completed during the summer of 1980 and the building was ready for occupancy when school opened on September 3. The

gymnasium provides four teaching stations, two on the main basketball court and one in each of the two exercise rooms at the South End of the building. The shell of the building was completed by USM Corporation at a cost of $160,000, payable as rent over the six remaining years of the Lease. However, all construction work on the interior of the building was completed by the students in the Plumbing, Carpentry, Electrical, Masonry, Welding, and Painting and Decorating trades. An additional $80,000 was spent by the District to complete the project, bringing the total cost to $240,000 or $19.35 per square foot for this project. This compares with typical 1980 construction costs of $88. per square foot for this type of building.

It is interesting to note that when the building was appraised for insurance purposes a value of $380,000 was placed upon it.

INTERSCHOLASTIC SPORTS

The opening of the gymnasium permitted North Shore to field its first interscholastic basketball teams. Both Junior Varsity and Varsity teams were established. Although the season was not a successful one in terms of the Won-Loss column, a great deal of progress was made in player development throughout the season. And, a goodly number of pupils participated.

CAREER EXPLORATION PROGRAM

The District's Career Exploration Program continued in the Fall of 1980 for eighth and ninth grade pupils from each member municpality. During the year, a total of 30 pupils from Swampscott participated in this program. 23 boys and 7 girls were actively engaged in the week-long Career Exploratory activity. In all, 405 junior high pupils from the fifteen member communities participated.

SPECIAL NEEDS

The Special Needs Department, under the direction of Stephen F. Nestor, Jr. has continued to expand and improve its services to students through Fiscal 1981. The total number of students with special needs has increased from 120 to 160. In addition to the Coordinator of Special Needs, there are two full-time teachers and two full-time aides to help those pupils having an identified learning disability. The program has the flexibility of having small group and individual tutorial instruction.

PLACEMENT EFFORT

In June of 1981, 114 seniors graduated from seventeen vocational programs at North Shore. Of these, 69% are presently employed in career areas directly related to their vocational training. 15% have enrolled in post-secondary institutions. 6% have entered the Armed Forces and 9% are unemployed, primarily due to health or personal reasons. Thus, the total placement rate for the year was 91%.

SUMMARY

Although constant Improvement is our by-word, significant progress has been made In developing North Shore Regional Vocational School into a quallty tralning instltution for in-school youth, out-of-school youth, and adults. As tlme goes by, North Shore is becoming increasingly recognized as a worthwhlle and valuable additlon to a list of community resources available to the people of Its flfteen member municlpalities.

The committee has had a very busy year, a large part of which has been behind the scenes.

For the second year a sustained effort was continued to obtain a grant of funds thru the Mass. Historical Commission to make repairs to the Elihu Thomson building.

In spite of almost daily contact by Sylvia Belkin with the commission it gradually became apparent that growing austerity would doom our efforts in that direction.

We then filed an article for the regular town meeting and at that meeting a detailed presentation was made including slides to the members by Mrs. Belkin, Andrew Epstein providing the slide material.

The sum of $70,000 was voted, the Public works department being designated to handle the work, with the help of an advisory committee appointed by them.

A committee of five were appointed as follows, four being members of the Historical committee the fifth being the custodian:

Mrs. Sylvia Belkin, Chairman
Louis M. Gallo
Andrew Epstein
Robert Perry
Andrew Riccio

The Advisory Committee has been assisted by Mr. Finch, Mass. Historical Committee architect, and some members have put in as much as 20 hours per week. Repair estimates are just now coming in and work will begin soon. These devoted volunteers deserves the plaudits of all Town residents for what they are doing and continue to do.

Traffic Study Committee

PHYLLIS KRAVETZ, Chairman

WILLIAM H. McCARTY, JR.; MICHAEL A. PALLESCHI; DONALD R. LEGERE;
Swampscott Police Dept.

The Traffic Study Committee continued its policy of analyzing problem areas in Swampscott. The committee throughout the year received and referred many calls and inquiries from residents regarding traffic and traffic related problems.

Members of the committee met and were in attendance at pertinent hearings of the Board of Appeals, Planning Board, Board of Selectmen and other meetings, and members of the committee spoke at hearings and meetings when necessary to reflect the views of the committee.

The committee remains available to assist the Police Department and private citizens where and when necessary.

Veterans Day Committee

ALFRED EAGLES, Chairman

LOUISE CROTEAU CHARLES W. DWYER EVERETT C. HOWE

Veterans Day was observed on November 11 at 11:00 A.M. on the Mall. After invocation and prayers by the Rev. Robert Slater the Veterans of Foreign Wars conducted their ritual.

The Town was represented by Mr. Perry, Mrs. Chamberlin and Mr. Sachar of the Board of Selectmen. The ceremony was concluded with volleys from the firing squad and taps by Daniel Wright.

Open House was held at the V.F.W. quarters, and wreaths were placed on the various memorials about town.

Department of Veterans Services

CHARLES W. DWYER, Chairman

For the calendar year 1981 the case load remained steady with a slight decrease in aid and cases toward the end of the year.

Over-all expenditures declined as an increase in Federal funds took care of many budget needs, and we manaed to escape large hospital bills.

Service on both state and federal level remained constant.

Inspector of Weights and Measures

JOHN F. O'HARE

Total Income	$577.20
Total Adjustments made	56
Total Sealed	287
Total Condemmed	1

The above three figures are for all gasoline dispensers, scales, balances, and miscellaneous measuring devices located in Swampscott.

The position of Sealer of Weights and Measures or Inspector of Weights and Measures for the Town of Swampscott was one of the positions which was excluded from receiving a 6% increase in salary as most town employees received.

Town Meeting held on October 6, 1981 voted unanimously on an article (#2) sponsored by the Personnel Board to exclude me or the position from this 6% increase which I feel was an injustice to me and I feel should be rectified.

Your comments on the 6% salary increase exclusion would be appreciated.

Have a good year.

The office hours for this department are 5:00 - 6:00 PM, Monday thru Thursday. During these hours, permits are issued, many questions answered and appointments for inspections made.

Investigations of damaged wiring were made after several house fires. Inspections were made after the electricians had replaced damaged wiring and before it was put into service.

Workman's Compensation Agent

ARTHUR J. PALLESCHI

Pursuant to the requirements of the By-Laws of the Town of Swampscott, I am pleased to submit to you my annual report as Workman's Compensation Agent for the Town of Swampscott.

The past year was one of the relatively good experience in that there were fewer and much less costly claims presented.

Although medical costs continue to rise at an unprecedented pace, I continue in the belief that we should, for the meantime, continue to "self-insure" the program, particularly in light of the greatly conflicting opinions offered by persons who are experts in the field of workman's compensation insurance.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the members of the Swampscott School Committee and the citizens of Swampscott:

I am pleased once again to submit my annual report as Superintendent of the Swampscott Public Schools.

The year 1981 brough many changes and events. As space does not permit to enumerate them all here, we share with you the most important ones.

PERSONNEL

Proposition 2½ and further decline in enrollment were the hallmarks of 1981. Staffing at all levels was reduced substantially as a result. Among these reductions were administrative, teaching, guidance, clerical, and custodial personnel. Although services and programs have suffered somewhat, the commitment and dedication of our existing staff has minimized much of any adverse effects on our schools. We are most grateful to those remaining staff for the extra effort they have put forth during this most difficult period.

All of us were saddened this year by the loss of Mr. Herbert Irvine, our school pianist for many years. He will be sadly missed by the members of the school department and the community.

Listed below are personnel changes that have taken place during the year 1981. To those who have either resigned or retired, we would like to extend our sincere appreciation for their outstanding service.

CURRICULUM

HIGH SCHOOL

Proposition 2½, despite a decline in enrollment, had considerable impact on staffing and curricular programs. Math, science, foreign language, business, music, physical education, guidance, and special programs were all reduced as a result of the impact. While enrollment declined by 55 students, our teaching staff lost 7.6 teachers. Apart from the loss and cutback of various courses throughout the curriculum, greater pressure has been placed on staff and administration to continue at close to the same levels as last year. Much to their credit, this is very close to being accomplished. All efforts presently and in the future will be directed toward maintaining every program and service vital to the quality of education at Swampscott High School.

JUNIOR HIGH SCHOOL

Curtailments similar to that of the High School were made at the Junior High in the areas of Practical Arts, music, reading, health, and library. Our foreign langauge program was raised to a major subject status in Grade 8. We no longer offer foreign languages in Grade 7.

ELEMENTARY

Since there is one less classroom required due to declining enrollments in the 5th grade at the Clarke School, we have established a Library Resource Room in that school. A new textbook series in science and spelling were introduced at the Machon and Stanley. The Kindergarten/Grade 1 Swim Program and the Grade 3 Violin Program were discontinued. Normal attrition due to declining enrollments eliminated four regular classrooms.

SPECIAL EDUCATION

This year, with the use of federal special education funds (P.L. 94-142), a new program was implemented at the Junior High School. This resource room program provides 766 services to both developmentally disabled and learning disabled students in the morning. In the afternoon, the Resource Teacher conducts a pre-vocational program for a small group of special needs students.

A preschool special needs program is in the process of being developed at Stanley School, which, hopefully, will be partially funded through the federal 94-142 grant.

Swampscott's P.L. 94-142 federal monies also provide systemwide adaptive physical education services; a diagnostic prescriptive liaison at the junior and senior high schools to conduct educational assessments for Chapter 766 students; a psychiatric social worker to work at the secondary level, offering therapy services to special needs students and their parents; and a part time speech and language therapist to conduct assessments and provide some services to preschool language disordered students.

Through the use of P.L. 89-313 federal special education funds, students who have returned from state facilities receive itinerant services (occupational, physical, and speech therapies) when needed. Students in outside placements are also monitored regarding their educational plans by an out-of-district coordinator, who services four school systems, including Swampscott.

Federal occupational education funds (P.L. 94-482) continue to provide many services to our Swampscott students. In conjunction with the Guidance and Business Departments, handicapped, disadvantaged, and other selected high school students participate in either record keeping, store operations, or bakery programs. These programs help students develop skills useful for entry level employment in retail sales and industry.

This year, for the first time, some of these occupational education funds are being utilized to develop a Work Traineeship Program for 766 high school students from the towns of Marblehead and Swampscott. A part time Vocational Education Liaison has been hired to screen and place identified special needs students in traineeship programs for credit within businesses and town departments in the two communities.

SPECIAL ACTIVITIES

Among the special events in our schools in 1981, of particular note were an Arts Festival featuring the art work and musical talents of our students, a College Fair involving more than 150 university and college representatives, and the dedication of the high school library in memory of Jennie M. McVey. Following long tradition at Swampscott High, many of our students distinguished themselves with their achievement, notably, outstanding delegate awards at Model Congresses, best actor and actress in Drama regional competition, selection to the All-Eastern United States String Orchestra, and runner-up in the Hugh O'Brian Youth Foundation Leadership seminars. Our boys and girls track teams and cross country teams won conference championships, and our baseball team and boys and girls tennis teams qualified for State Tournament play.

In addition, there were many interesting events which are part of our school program yearly: concerts and special programs sponsored by the Fine Arts Department; a major production of our Drama Club; junior and senior class shows; three Boosters Club Sports banquets honoring our boys and girls; orientation nights for parents and participation by our band in the Eastern Music Contest at Philadelphia, where ratings of good were achieved in concert and stage band.

A special effort has been made to develop a greater involvement of parents into our junior high activities through the formation of a parents' council.

SCHOOL BUILDINGS

The Citizens Advisory Committee on School Facilities, appointed in November, 1979, by the School Committee for the "purpose of developing educationally sound alternatives in light of potential closing of the Junior High School building due to declining enrollments," completed a report to the School Committee in January, 1981.

The Advisory Committee concluded that "the student population of the system has not declined to the level which justifies closing a school in the next year." This (closing a school) is unjustifiable from the financial point of view and unacceptable from the educational, social, and other relevant points of view.

In order to take advantage of declining enrollment, areas such as cafeterias, gymnasiums, libraries, and auditoriums in our elementary schools have been returned to their original purpose and will no longer have to be utilized as classrooms.

Major renovations during the year includes: the completion of the Warner Cable T.V. Studio for school and community use; the installation of a new security alarm system; the continuation of the installation of energy efficient outside lighting fixtures on the high school parking lots and school building; the completion of a new roof on the Stanley School.

CONCLUSION

I wish to commend and to thank the School Committee for their support in making quality education available to all students. A special thanks to my fellow Town Department Heads who have cooperated with and assisted me throughout the year.
